the 2017:

MANUAL LYMPH ACTIVATION COURSE

For the treatment
and management
of Lymphedema

WEYBURN, SK

*Level 1 - 4: Sept 9, 10,
16, 17, 30, Oct 1, 14,
15, 28, 29, Nov 4 & 5*

COMBINED DECONGESTIVE THERAPY CERTIFICATION

The Manual Lymphatic Activation course consists of 135 hours of theoretical and practical training required to qualify participants as Combined Decongestive Therapists. This course meets the requirements to challenge the Lymphedema Association of North America certification exam.

Participants will need to provide proof of registration in one of the following professions as a pre-requisite to this course: Massage Therapy, Occupational Therapy, Occupational Therapy Assistant, Physical Therapy, Physical Therapy Assistant, Physician, Nurse, or Exercise Therapy. Or proof of 192 hours in post-secondary level human anatomy, physiology, and/or pathology.

Theoretical hours will be completed through an online portal and practical hours will be completed in lab-based hands-on training.
