Dear Ms. Green:

**Re: Legislative Proposal to Regulate Massage Therapists**

I am writing to inform you that legislation to regulate massage therapy in Saskatchewan will not be introduced in the fall sitting of the Saskatchewan Legislature. Ministry of Health officials will instead use the coming months to support further consultation between key stakeholders in order to arrive at the best solution for regulating massage therapy.

Our government remains committed to ensuring this legislation serves the public interest and we look forward to continuing to work collaboratively with the Massage Therapists Association of Saskatchewan (MTAS), Natural Health Practitioners of Canada (NHPC), Western College of Remedial Massage, and other key stakeholders.

If you would like to discuss this matter further and what the next steps would be, please contact Ms. Rebecca Bayliss, Senior Policy Analyst, Ministry of Health, at 306-787-0039.

Sincerely,
