

CONTINUING EDUCATION – MEMBER APPLICATION FOR CREDIT EVALUATION

To be used when the course provider chooses not to submit a course for review

MTAS has always held the position that the continued competency of our members is of the utmost importance to the protection of the public, and our membership requirements specify that RMTs complete on-going continuing education in order to remain in good standing.

Course approval is required before members can report primary continuing education credits for completion of their competency requirements. Note that if you do not seek pre-approval from the MTAS Continuing Education Committee prior to undertaking study, MTAS will not be responsible for the material not being approved for credits. The Committee reserves the right to refuse to grant credits for inappropriate/out-of-scope subject matter. The continuing education material submitted should be within the MTAS scope of practice and contribute to the professional development of the RMT.

MTAS Scope of Practice

“The practice of massage therapy is the assessment of the soft tissue and joints of the body, and the treatment and prevention of physical dysfunction and pain of the soft tissues and joints by mobilization and other manual methods to develop, maintain, rehabilitate or augment physical function, or relieve pain.”

Application Requirements

- A separate typed or printed application form must be completed for each course being submitted. Handwritten notes are unacceptable.
- Incomplete applications will be returned without being reviewed.
- After receiving approval, any changes to the course content must be reported to MTAS within 30 days.

Review Process

The MTAS Competency Committee will review all submissions. If there are questions about your application, you will be contacted and asked to provide any additional information or clarification needed for the evaluation to be completed.

Meetings are held four times each year – March 1st, June 1st, September 1st, and December 1st.

Applications must be properly formatted and submitted to the MTAS office at least 1 week prior to the meeting date to be placed on the agenda. Please allow up to 6 weeks for completion of the evaluation process.

- **We prefer to receive submissions via e-mail** as we use a virtual meeting space, and the documents are uploaded for review.
- If the application is for an on-line or self-study module, **please provide a user account and log-in details** to enable the committee members to review the materials from the student’s perspective.

1 hour of direct instruction (excluding breaks) = 1 credit. Credits are awarded in either primary (within scope of practice) or business categories, according to the subject matter. On occasion, partial credits may be awarded if the entire course does not meet the requirements of the MTAS competency policy.

Correspondence will be sent via e-mail to the applicant upon completion of the evaluation, with information regarding whether the course was approved for credits.

Refunds will not be given for applications that are not approved.
