# How to Search the Approved Con-ed Database on the MTAS Website
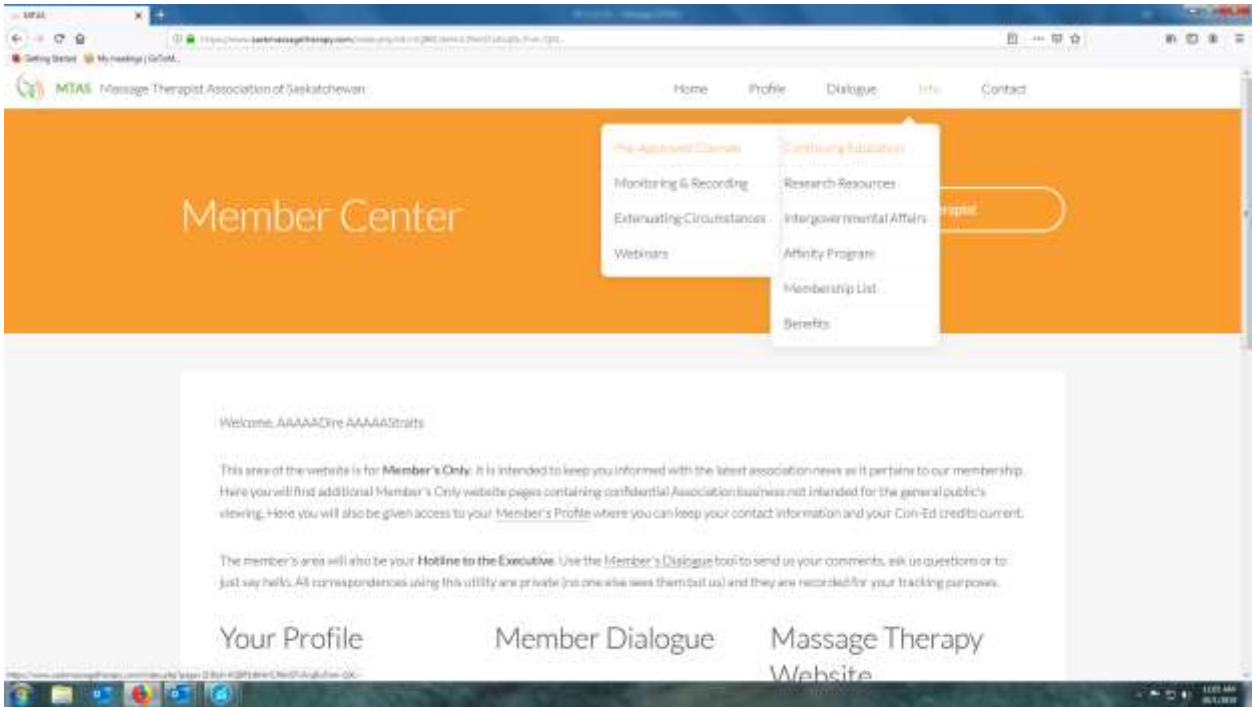

1. From the homepage, click on the orange Therapists button in the top right-hand corner, then scroll down to the bottom of the page.

2. Click on Member Sign-in and enter your log in information. If you have forgotten this, let me know and I will reset your account. This brings you into your personal profile in the Members-only section of our site.

3. You can find the database of approved con-ed here, under Info, Continuing Education, Pre-Approved Courses, as shown in the screen shot below:

4. Use the search fields to narrow down your search. Note that a shorter entry will yield more results, e.g. Stone instead of Hot Stone, for the course name.
