

### **Things you may need to buy pre-return-to-practice:**

- Laundry hamper with removable/washable or disposable liner, and lid.
- No-touch garbage can for washroom, office and waiting area, and disposable liners.
- No-touch soap dispenser.
- No-touch paper towel dispenser.
- No-touch hand sanitizer dispenser.
- HEPA air purifier if ventilation is not adequate in your space.
- Non-cloth furniture for seating – must be able to be disinfected.
- A receptacle into which clients can place their clothes.
- Handwashing posters.
- Health Canada-approved disinfectants for all surfaces.
- Surgical/procedure masks, eye protection, aprons and gloves.
- Extra masks for clients.
- Extra blankets that can be easily laundered in hot water and on high heat.
- Plastic covers for face cradle and massage table (disposable or reusable).
- A creative, hygienic solution for lotion dispensing while working (no holsters, unless you have enough holsters to use a different one for each client.)
- Additional clothing that is front fastening.
