

ARE YOU IN GOOD HANDS?

YOU WOULDN'T TRUST YOUR HEALTH
to a doctor, chiropractor or other health professional without
proper accreditation, so why would you seek massage
therapy from someone with anything less?

MTAS

Massage Therapist
Association of Saskatchewan

IN SASKATCHEWAN, MASSAGE THERAPY IS NOT REGULATED, SO ONLY A DESIGNATED REGISTERED MASSAGE THERAPIST HAS MET THE NATIONAL STANDARDS FOR EDUCATION AND TRAINING IN THEIR PROFESSION.

The Massage Therapist Association of Saskatchewan (MTAS) urges the Government of Saskatchewan to enact legislation to create a Saskatchewan College of Massage Therapists. The College would **protect the public** by:

- ▶ **Establishing** standards of professional conduct to ensure safe, ethical, client-centred health care;
- ▶ **Registering** massage therapy practitioners to ensure educational requirements and standards of qualification have been met;
- ▶ **Monitoring** the competence of massage therapists on an ongoing basis;
- ▶ **Managing** a transparent and accessible discipline process that is fair and just to all parties involved in a complaint.

Join MTAS in calling for legislation to regulate massage therapy in Saskatchewan!
